New York, N.Y.

Dear Mr. Cucci:

I was very much interested to read the reviews of "The Ofay Watcher" in the Saturday Review and elsewhere. You can see that I have been interested in the same subject (from a totally different point of view) and I am deeply curious to see how you dealt with the theme. The next time I am in New York I will look for a performance, but it may be some time before this is possible.

May I ask whether I could have the opportunity to read the script -- would then then lend me a copy? I will be glad to reimburse you for mailing or reproduction costs. I should also say that my colleagues in the Drama Department are also interested in reading it, having in mind, I assume, the possibility of a local production, if you do not have other plans for this area.

Yours sincerely,

Joshua Lederberg
